

## **LB 829 (as amended by LB 1368)**

### **Qualified Activity Reported in 2006**

The Quality Jobs Act, LB 829, requires a separate application subject to approval by the Quality Jobs Board. The members of the board are the Governor, the State Treasurer, and the chairperson of the Nebraska Investment Council. A qualifying business must invest at least \$50 million in qualified property and hire at least 500 new employees or invest at least \$100 million in qualified property and hire at least 250 new employees. If the company reaches and maintains these levels, they are eligible for a wage benefit credit. The company is to expend at least the value of the wage benefit credit for company training programs, employee benefit programs, educational institution training programs or workplace safety programs.

There are five active agreements signed under LB 829. The agreement specifies whether the company has elected to use the credit against the company's income tax or has elected to retain a portion of the Nebraska individual income tax withholding as designated by the employees.

Wage benefit credits were allowed for 1997 through 2006, however due to confidentiality no information is reported.

No new LB829 applications could be filed after February 1, 2000 without further authorization of the Legislature.
